

ICAT at ISIS

Tom Griffin
STFC ISIS Facility
8th Feb 2010

Science & Technology Facilities Council

ISIS

ISIS Status

- Long shutdown since August 2010
- User programme restarts 1st March
- ICAT/TopCAT to be default access route
- Issuing DOIs for all experiments

What have we been doing?

- Good question!
- Ongoing changes to user office
 - Lots of changes to integration code
- TopCAT specification and development
- DOIs
- User identification change of policy

Problems

- Permissions structure
 - Instrument scientist / Instrument groups
 - 5-15 instrument scientists per instrument
 - = a lot more authorisation records
- Ongoing parameter woes
- Study level might be useful
- Incomplete API
- Weak documentation

- (No time!)

TopCAT
